

Status Epilepticus

PEDIATRIC PACKAGES

Our Pediatric Packages (PedsPacs) are intended as a step-by-step guide for managing critically ill children. By necessity, the PedsPacs make judgments about things (such as specific courses of treatment or pediatric doses) that are unclear from the evidence alone, based on the consensus of pediatric experts across Canada. Development of the status epilepticus algorithm involved a rigorous and iterative process, bringing together experts from a variety of specialties (nursing, simulation, emergency medicine, intensive care, and pharmacy). For a list of the evidence that informed the creation of this resource please visit our website [here](#). To learn more about the development, see the Development Team section below.

CONTENT ADVISORS

Thank you to the following content experts who led the development of this resource:

Sarah Buttle, BScH, MD

Resident Doctor, Pediatric Neurology
Children's Hospital of Eastern Ontario

Katherine Muir, MD FRCPC

Assistant Professor, Department of
Pediatrics, University of Ottawa
Program Director, Pediatric Neurology
Residency Training Program, University of
Ottawa

Manish Shah, MD, MS

Professor, Department of Pediatrics,
Baylor College of Medicine
Associate Division Chief, Academic Development and
Strategy, Division of Emergency Medicine
Attending Physician, Texas Children's Hospital, Emergency
Center

DEVELOPMENT TEAM

Our Pediatric Packages (PedsPacs) are intended as a step-by-step guide for managing critically ill children. By necessity, the PedsPacs make judgments about things (such as specific courses of treatment or pediatric doses) that are unclear from the evidence alone, based on the consensus of pediatric experts across Canada. Thank you to the [TREKK PedsPac Development Team](#), [TREKK Editorial Committee](#) and those in the [EICC KEAP Program](#) who provided editorial support and expertise in the development of this resource. Thank you as well to the following people who coordinated and oversaw the development process:

Mateja Carevic, BA, MA

TREKK Knowledge Broker
University of Manitoba

Corrie Chumpitazi, MD, MS Associate

Professor of Pediatrics, Baylor College
of Medicine, Division of Emergency
Medicine, Texas Children's Hospital
Physician, Pediatric Emergency Medicine,
Texas Children's Hospital

Mona Jabbour, MD, MEd

TREKK Co-Director
Interim Chair/Chief,
Department of Pediatrics and
Emergency Medicine, University of
Ottawa Children's Hospital of
Eastern Ontario

Sarah Reid, MD

TREKK Editorial Lead
Clinical Investigator, CHEO
Research Institute
Physician, Division of Emergency
Medicine, CHEO
Assistant Professor and Director,
Emergency Department
Outreach, University of Ottawa

Marc Vazquez, MHA/MBA, PMP

EICC Knowledge Broker
Baylor College of Medicine
